

Before you start your journey on the Hungarian toll roads, please register at the www.hu-go.hu Internet site and bank up your account. In the OBU box you may find the registration card with 12 digit code, according to the directions of the Internet site please register your OBU item, your company and your vehicle. This registration provides you the payment of the route of your vehicle, which is sent by your OBU item, by this accomplishing your road toll commitment. The OBU item helps you with the payment of the road toll at the territory of Hungary. The omission, the obstruction or the manipulation of the commitment of road toll will lead to authority punishment. It is the responsibility of the vehicle's driver to operate the system regularly.

The price of the OBU item includes the fee of the 24 months of data transmission.

After 24 months, please contact Auto Securit Plc. to bank up your data transmission card account.

ATTENTION!

- **Do not abuse, damage or manipulate the OBU item! In case of not proper use can lead to inefficient road toll commitment, which may lead to authority punishment! Do not disassemble or repair your OBU item! The OBU item does not contain any part which can be repaired by user!**
- **Do not throw it to fire!**
- **Dispose by the explosion dangerous electric waste liquidation rules!**
- **Use the OBU item according to the user manual inside the territory of Hungary!**
- **Outside of the territory of Hungary please turn off OBU item!**
